

Maths & Computing

Course Details		Art & Design
Exam Board	EDEXCEL	
Syllabus title	Art, Craft and Design	
Course Code	9AD0	
Course Content	<p>This course is designed to let you experience a range of art specialisms before concentrating on one area that you are best at. Specialism's Include Painting, photography, Printing, Creative Textiles, Sculpture, Illustration, Digital art, Graphic Communication, Mixed media etc.</p> <p>Coursework – This is a body of coursework and a personal study. To begin you will be introduced to a wide range of working methods using different specialisms. Later you can choose your own theme to explore in a specialism of your choice from the list above. A sketchbook is needed to document your ideas and to form links with other artists. The personal study is an investigation of an artist, theme or movement, which relates to your practical work. This is in a visual and written format.</p> <p>Externally set exam</p> <p>The title is set by the exam board in the second year and given to you in advance of the practical exam. It is similar to a mini project with the final outcome produced under exam conditions. It is usually a one or two word title. Environment or Ritual have been past examples. You will work in your strongest specialism.</p>	
	Assessment and weighting	<p>You are assessed on your technical skills, recording and research, creative process and outcomes. There is a separate mark for your personal study. Coursework 60% Exam 40%</p>
Trips/visits	<p>We will visit London throughout the course to use it as a stimulus for work and to visit current exhibitions. Local trips will be made during lesson time to supplement ideas.</p>	
Future opportunities/ career	<p>Textiles, Fashion, Photography, Advertising, Architecture, Animation, Ceramics, Illustration, Film, Media, Interior Design. In fact the skills learnt are transferable into most occupations and the creative industries are thriving!</p>
