

Economics

Exam Board: AQA
Qualification: A level

Longdean School

In September, you will be starting the Economics A level course.

Please see below the questions you will need to answer in preparation for the course.

Inflation has become a major issue for governments around the world over the past couple of years.

- 1) What is inflation?
- 2) What has influenced the rate of inflation?
- 3) How have governments responded to this?
- 4) What do you think the future holds for inflation in this country?

Please can you not type more than one side of an A4 paper.
